Mission Statement discussion: CA Barnes said the supplemental packet contained two draft mission statements: one drafted by the Mayor, the other by Councilor Brand. Also in the supplemental was an application for the student liaison position. The student liaison position is not being addressed at this meeting.

Councilor Brand explained his mission statement had a long version and a short version. Councilor Jeff Crook said he like having the city name in the statement. He said he liked both versions. Councilor Larry Brennan said he liked the shorter version. Discussion re: having Gold Beach, Oregon in the mission statement and if it is redundant or not. The Mayor liked the things Brand mentioned in his mission statement, but wanted to keep it short and still attempt to cover everything. If the city name is in the mission statement, then it's a good way to get "Gold Beach" out with publicity.

Discussion about difference between "vision statement" and "mission statement". Councilor Crook felt there was a difference. Crook said a vision statement is what you see yourself becoming. A mission statement is more your mission to get things accomplished. He said they felt the same in many ways but that they two are different. He felt they statements presented were more mission statements.

MOTION: Councilor Tamie Kaufman made a motion to adopt as the mission statement:

The City of Gold Beach is dedicated to enhance the quality of life, while promoting the health, safety, and welfare of our citizens, businesses, and visitors in the most fiscally responsible manner. In doing this the city will respect the past, respond to current concerns, and plan for the future, while maintaining environmental sensitivity in our beach oriented community.

Councilor Jeff Crook seconded the motion

Discussion of local agency comments on City Business Plan. CA Barnes said the council members should have copies of the letters from the Port, Curry Health District and Curry County that indicate their responses to the proposed business plan. The Chamber of Commerce responded verbally and was very positive and supportive. Councilor Kaufman said the plan should be reviewed at the start of the fiscal year to see how it's working.

Larry Brennan made a motion to adopt R1011-04 to adopt the business plan for the city of Gold Beach, then he read the resolution, Doug Brand seconded it. Mayor Wernicke called for discussion or debate, hearing none, he called the vote.

CA Barnes gave an update on turn lane at Hwy 101 south Hunter Creek exit: Improvements that ODOT will be doing at the Hunter Creek exit. What will be designed is a turn-lane, eliminating one passing lane until after the Hunter Creek exit. This is informational only. Barnes did not know if there will be anything other than painted lines at the exit. Barnes said she can forward any of the council's questions or comments onto ODOT, but it is their project. Brief discussion on the turn lane. Mayor's comment would be to thank ODOT for listening to the council's opinions. Timelines, etc. are not known at this time.

David L. Griffith

P.O. Box 4430

Brookings, OR 97415

Regarding: duplex located at 94177 Tenth Street, Gold Beach, Oregon (Assessor Map #: 3715-01AD tax lot 2902)

Dear David Griffith:

I'm sending this note to confirm our conversations regarding the above listed distressed property. Also, in order to give you a document that you can share with relevant City of Gold Beach officials. As I told you, due to various communications problems, we were not, until only this month, fully aware of the extent to which the property had become a nuisance and liability. However, now that we do know, we are moving in the most expeditious manner at our immediate disposal to ameliorate this unfortunate current predicament.

To that end, we are selling said property to you, a person who we have come to trust as a fair man of integrity, with the prerequisite experience and capability of handling this. In addition we extend to you our permission to access said property and do what reasonable needs to be done to protect the value of the property and hopefully satisfy the city so that "condemnation and demolition of the structure "does not become necessary. It is my hope that by taking these measures we will also save some value from the property for Tamara Carlson and my children, as the trust intended.

Sincerely,

Richard Carlson (c/o CARLSON JEWELERS, 437 East Main Street, Ventura, CA 93001)
