- (2) Inspections. The City building official or another city official is hereby authorized to make such inspections and take such actions as may be required to enforce the provisions of this Code.
- (3) Right of Entry. Whenever necessary to make an inspection to enforce any of the provisions of this Code and whenever the City building official or another city official has probable and reasonable cause to believe that there exists in any building any condition that would make such building a dangerous building as defined herein, then said city official, including the building official, may enter into such building at reasonable times to inspect said premises for any violations of this Code.

##### **5.360 Nuisance.**

Every building or part thereof which is found by the Council to be a dangerous building is hereby

declared to be a public nuisance; and the same may be abated by the procedures herein specified, or a suit for abatement thereof may be brought by the City.

### **5.365 Initial Action.**

Whenever a city official shall find or be of the opinion that there is a dangerous building in the City, it shall be his duty to report the same to the City Council. Thereupon, the Council shall, within a reasonable time, fix a time and place for a public hearing thereon.

### **5.370 Hearing; Mailed Notice.**

Ten (10) days' notice of any hearing shall be published in a newspaper of general circulation in the City or by posting notices thereof in three (3) public places in the City. If the last-mentioned notice be published or given as herein required, no irregularity or failure to mail notices shall invalidate the proceedings.

### **5.380 Council Orders; Notice.**

Five (5) days' notice of findings made by the Council at a hearing and any orders made by the Council shall be given to the owner of the building, the owner's agent or other person controlling the same, and if the orders be not obeyed and the building rendered safe within the time specified by the order (being not less than five (5) days), then the Council shall have the power and duty to order the building removed or made safe at the expense of the property on which the same is situated.

### **5.385 Abatement by City.**

In the event that the Council orders are not complied with, the Council must specify with convenient certainty the work to be done and shall file a statement thereof with the City Administrator, and shall advertise for bids for the doing of the working the manner provided for advertising for bids for street improvement work. ## **Section 10. Miscellaneous Items (including policy discussions and determinations)**

---

### **5.390 Assessment.**

The Council shall ascertain and determine the probable cost of the work and assess the same against the property upon which the building is situated. The assessment shall be entered in the docket of city liens and shall thereupon be and become a lien against the property. The creation of the lien and the collection and enforcement of the cost shall all be performed in substantially the same manner as in the case of the cost of street improvements, but irregularities or informalities in the procedure shall be disregarded.

### **5.395 Summary Abatement.**

The procedures of this Code pertaining to Council declaration of a dangerous building need not be followed where a building is unmistakably dangerous and imminently endangers human life or property. In such an instance, the chief of the fire department, the fire marshal or the Chief of Police may proceed summarily to abate the building.

### **5.398 Penalty.**

Any person who shall be the owner of, or shall be in possession of, or in responsible charge of any dangerous building within the City and who shall knowingly suffer or permit the building to be or remain dangerous beyond the time specified in the order of the Council pursuant to Section 5.380, shall be guilty of a violation of this Code and shall, upon conviction thereof, may be fined a maximum amount as set by resolution of the City Council for the first and all subsequent offenses. Each day's violation of a provision of this Code constitutes a separate offense.

**GOLD BEACH CITY COUNCIL AGENDA REPORT**

Agenda Item No. **10.b.**

Council Meeting Date: December 2, 2019

**TITLE: Sustainable Shopping Initiative – Statewide Single-Use Bag Ban**

**SUMMARY AND BACKGROUND:**

On January 1<sup>st</sup> of the new year, the statewide single-use plastic bag ban goes into effect. The state Department of Environmental Quality recently sent a FAQ sheet to local governments to get info out to our communities. Attached is a copy of the FAQ sheet. We will also post this on our City .gov website.

# FAQ

## What is the Sustainable Shopping Initiative?

House Bill (HB) 2509, passed in the 2019 Oregon legislative session, prohibits retail stores and restaurants from providing single-use checkout bags to customers, and places restrictions on other checkout bags they may provide. The ban goes into effect on January 1, 2020. After that, a retail store or restaurant may provide only reusable or recycled paper checkout bags to customers. In certain cases, they must charge a fee to customers for providing the bag. The new law repeals ORS 459A.695, which required retail stores providing plastic checkout bags to offer paper bags as an alternative.

## Why is this Initiative important?

By encouraging the switch to reusable or recycled paper bags, Oregon can reduce the amounts of single-use bags that are used and thrown out, while addressing a significant problem for Oregon’s recycling programs: plastic bags. When plastic bags end up in recycling bins, they can contaminate the recycling stream and endanger the safety of workers who must untangle them from recycling equipment. The ban is also a first step towards addressing the large amount of plastic debris in the oceans, which threatens Oregon’s marine wildlife.

## What does this mean for consumers?

For consumers who do not bring reusable bags, expect to pay a small fee at the register. This fee helps offset the cost businesses pay to purchase more sustainable bags. This fee can vary by store and city/county. Some bags, such as those for bulk items and privacy purposes, are not covered. Retail stores and restaurants may provide certain reusable bags for free to customers using a WIC voucher or electronic benefits transfer card.

## What do businesses and local governments need to know?

After **January 1, 2020**, businesses can no longer provide single-use bags and must charge a fee for certain types of reusable bags.

**Definitions**

**Single-use checkout bag**  
A bag made of paper, plastic, or other material that is provided to a customer at the time of checkout, and that does not meet the definition of recycled paper checkout bag, reusable fabric checkout bag, or reusable plastic checkout bag.

**Reusable Plastic Checkout Bag**  
A bag with handles, designed and manufactured to be used multiple times, and made of durable plastic that is **at least 4 mils thick**.

**Reusable Fabric Checkout Bag**  
A bag with handles, designed and manufactured to be used multiple times, and made of **cloth or other machine-washable fabric**.

**Recycled Paper Checkout Bag**  
A paper bag made of **at least 40% post-consumer recycled fiber**.

## What types of bags require fees?

	 No fee required	 Fee required	 Prohibited
 Retail stores	Reusable fabric bags, if offered as a promotion (no more than 12 days per year)	Recycled paper bags* Reusable plastic bags* Reusable fabric bags	Single-use bags
 Restaurants	Recycled paper bags	Reusable plastic bags*	Single-use bags

*\*Some exceptions apply*

## How much is the fee and where does it go?

Check with local jurisdictions. HB 2509 requires a charge of at least five cents for the “Fee Required” checkout bags, but allows local governments to require higher fees locally. Businesses keep the fee, which allows them to recover costs in providing reusable bags.

## Are there any exceptions provided?

The single-use checkout bag ban does not apply to bags provided to customers at a time other than checkout, which includes:

- Bags designed to hold bulk items such as small hardware or for sanitary or privacy purposes;
- Certain specialty bags, such as garment bags;
- Bags sold in a package for uses such as food storage, garbage or pet waste.

Retail stores may provide recycled paper checkout bags or reusable plastic checkout bags for free to customers using a WIC voucher or electronic benefits transfer card. They may also offer reusable fabric bags for free as a promotion on 12 or fewer days in a year. Restaurants may provide reusable plastic checkout bags for free to customers using an electronic benefits transfer.

## How will this be enforced?

A violation of the provisions of HB 2509 is a Class D violation subject to a maximum fine of \$250. Class D violations are enforced by law enforcement officers, who may issue a citation to a retailer or restaurant. Each day a retailer or restaurant commits a violation is considered a new offense. HB 2509 allows a different penalty to be set under local provisions, so check with local jurisdictions for specific questions about enforcement. A restaurant or retail store can be charged with a violation under either the local provision or the penalty specified in HB 2509, but not both.

## Are there any reporting requirements?

Yes. By September 15, 2024, grocers must provide the Oregon Department of Environmental Quality with information on collection of bag fees and customers’ usage of recycled paper, reusable fabric and reusable plastic checkout bags. DEQ must submit a report about this information to the legislature by September 15, 2025.

## What else do local governments need to know?

HB 2509 generally preempts, or overrides, any existing local bag policy. Aside from setting a higher fee and penalty in their jurisdictions, local governments may not adopt local provisions with definitions, requirements or restrictions that differ from HB 2509.
